Stories that you wear

After all, what is a Barn Of Monkeys ambassador?

We like to see Barn Of Monkeys Ambassador as
a friend who likes us, who identifies with our principles, and takes us
everywhere. Because you like us so much, you are always sharing our
photos on your social media profile, talking about our close
relationship with other people – and when you talk, is always in a
positive way.
Friends are very special beings, because they do so much more than
helping us reaching people. They also increase the value of the brand,
and help us to grow in a sustainable and strong way.

3 advantages of being a BOM AMBASSADOR

How does everything go?

However, you win too!

The commission is **paid monthly in the most convenient way**.

We **can transfer or convert to a discount voucher of the same value to use in our store.** You choose how!

At certain specific times of the year we give you some of BOM's clothes, and whenever you receive them you commit to promoting it in your network.

We don't like to put too much restrictions on how you do it. You can take some pictures or make some videos. We just ask you to identify us and talk about us.
